

Onboarding and registration of stakeholders in the National Logistics Portal (Marine)

The **National Logistics Portal (Marine)**—NLP(M)—is a unified digital platform developed by the Government of India to integrate all maritime trade stakeholders, services, and documentation into a single window. Stakeholder onboarding ensures that every user—public or private—can securely access services relevant to them.

The NLP(M) includes a broad range of maritime and trade participants for **Trade & Industry Stakeholders such as** - Shipping lines & agents, Freight forwarders, Customs brokers, Importers & exporters, CHAs, Transporters (road/ship), CFS/ICD operators, Warehouse operators, Surveyors & inspectors, Banks & insurance providers

The Port Management Board (PMB), Andaman & Nicobar Islands, is in the process of implementing National Logistics Portal (Marine) at Ports of A & N Islands. The Key benefits of Stakeholder onboarding are – **Single-window access** to all maritime logistics services, **Reduced paperwork** through digital documentation, **Faster cargo movement** via integrated workflows, **Transparent tracking** of vessel, cargo, and clearance status , **Improved coordination** among all supply-chain actors and **Regulatory compliance** through unified standards

In this regard trial run has already been successfully conducted by the PMB. All shipping agents, port users, stakeholders and other concerned are requested to **complete their registration within 3 days from publication of this Notice** to avail Port services and reap the benefits of this digital transformation. The official National Logistics Portal (Marine) can be accessed at: <https://nlpmarine.gov.in/pages/authentication/register-v2>

For any assistance, please contact the Nodal officer (IT), Port Management Board, Port Blair, during office hours on No. 9434260280
