Press Release

It is brought to the notice of all concerned that refilling of LPG to non-BTS cylinders and Commercial cylinders from domestic LPG cylinders is an offence and may lead to serious consequences including damaging property and putting one's life in danger. All such entities industrial establishments are hereby directed to refrain from any such unlawful acts else action as deemed fit shall be initiated against them as per law.

Further, it is advised that utmost precaution should be taken in handling LPG cylinders at places of public gatherings/marriage halls to evade any possibility of fire accidents in near future.

All general public are also requested to intimate this office in case they are aware of any such illegal act of refilling LPG in and around their areas or if they come across any such incidents. The information may be shared in department's Toll-free No. 18003453197 & 03192-233346.
