

Press Release

Sri Vijaya Puram

Dated: January 31, 2026

Joint Inspection of Completed PMAY-U Houses at Prothrapur

“From vision to keys in hand — homes that change lives.”

The Sri Vijaya Puram Municipal Council hereby informs that 102 (Block A & B) out of 213 **houses constructed under the Pradhan Mantri Awas Yojana – Urban (PMAY-U)** at Prothrapur are now complete and ready for occupation.

The identified beneficiaries are invited to participate in a **joint inspection and snagging exercise**, during which they will inspect their allotted dwelling units along with officials of the Municipal Council and the technical team. This exercise is being conducted to ensure the quality of construction, functionality of utilities, and to record any minor observations prior to final handover.

Shortly after the completion of the joint inspection exercise and rectification of any identified issues, the dwelling units will be formally handed over to the beneficiaries, enabling them to take possession of their homes.

The Municipal Council reiterates its commitment to providing safe, dignified, and affordable housing while ensuring a smooth and transparent handover process for all beneficiaries.
