

**MAIDEN VISIT OF VICE-CHANCELLOR OF PONDICHERRY
UNIVERSITY TO ISLES**

Prof. Gurmeet Singh, the newly appointed Vice- Chancellor of Pondicherry University, is on his maiden visit to Port Blair. He interacted with Head of the various Educational & Research Institutions affiliated to Pondicherry University on 28th December 2017. He visited Andaman & Nicobar Islands Institute of Medical Sciences (ANIIMS) and few of its departments viz Anatomy, Physiology, Biochemistry and Pharmacology. During his visit, he interacted with all the HODs, some faculty members and OSD of ANIIMS as well as MS, G B Pant Hospital. He was apprised of few problems in ANIIMS related to Pondicherry University, viz. detailment of ANIIMS faculty members as examiners, too many internal assessment examinations and authorizing air fare for examiners, to which he respond very positively.

Being a scientist of repute, he also advised all the HOD to put up research proposals and assured the university and his personal cooperation in getting the projects approved by various funding agencies.

Prof. Gurmeet Singh's visit to ANIIMS though short but was very encouraging and fruitful.

Director ANIIMS
