

Dear Friends,

Warm Greeting and best wishes – This is indeed a golden opportunity for me to interact with you through this message.

Nicobar is a district with distinct history and cultural traditions. It is full of bounty of nature. It has been a symbol of peace and harmony. However, the district have its own share of security challenges – be it maritime threat, poachers, sand mining – to name a few.

The goal of peaceful society cannot be achieved by police force only. There is a need for the police and common citizen to join hand together to combat crime.

Common man should not hesitate to share their problems with police and must share information about any possible security threat so that it can be neutralized at the earliest.

This official website of our Nicobar District is another important step to bring citizen and police near each other.

This official website of our Nicobar District is another important step to bring citizen and police near each other.

Dear friends, I believe together we can make difference.

Jai Hind

Regards

Jagdev Singh Yadav

Dy.Suptd. of Police
